

110TH CONGRESS
2^D SESSION

H. CON. RES. 223

IN THE SENATE OF THE UNITED STATES

SEPTEMBER 25 (legislative day, SEPTEMBER 17), 2008

Received

OCTOBER 2 (legislative day, SEPTEMBER 17), 2008

Referred to the Committee on the Judiciary

CONCURRENT RESOLUTION

Honoring professional surveyors and recognizing their
contributions to society.

Whereas there are over 45,000 professional surveyors in the
United States;

Whereas the nature of surveying has changed dramatically
since 1785, as it is no longer limited to the description
and location of land boundaries;

Whereas hydrographic surveys are important to the use of all
bodies of water;

Whereas engineering surveys are utilized in the study and selection of engineering construction;

Whereas geodetic surveys determine precise global positioning for such activities as aircraft and missile navigation;

Whereas cartographic surveys are used for mapping and charting, as well as photogrammetry, the science of using aerial photographs for measurement and map production;

Whereas many services are provided through the use of sophisticated surveying equipment and techniques, including satellite-borne remote sensing devices and automated positioning, measuring, recording, and plotting equipment;

Whereas the role of the surveyor has been, and remains, of vital importance in the development of the United States;

Whereas since the colonial days of this Nation, surveyors have been leaders in the community, Statesmen, influential citizens, and shapers of cultural standards;

Whereas former surveyors include George Washington, Thomas Jefferson, and Abraham Lincoln;

Whereas it was the work of the surveyor that determined the boundaries of land, the greatest economic asset in the colonies that became the United States;

Whereas Thomas Jefferson chaired a committee in 1784 to devise a plan for disposing of lands west of the 13 original colonies;

Whereas Thomas Jefferson argued that surveying before sale was necessary to prevent overlapping claim and to simplify deeds and registers;

Whereas Thomas Jefferson reportedly wrote a plan, which was debated in Congress and in modified form was

adopted as the Land Ordinance of May 20, 1785, establishing the Public Land Survey System (“PLSS”), the rectangular system that continues today in 30 mid-western and western States; and

Whereas the establishment of the third week of March as “National Surveyors Week” would be a fitting tribute to all surveyors: Now, therefore, be it

1 *Resolved by the House of Representatives (the Senate*
2 *concurring), That Congress—*

3 (1) supports the establishment of National Sur-
4 veyors Week;

5 (2) requests that the President issue a procla-
6 mation calling on the people of the United States to
7 observe National Surveyors Week each year with ap-
8 propriate ceremonies and activities paying tribute to
9 professional surveyors and their contribution to soci-
10 ety; and

11 (3) invites the people of the United States to
12 look back at the historic contributions of surveying
13 and look ahead to the new technologies which are

1 constantly modernizing this honored and learned
2 profession.

Passed the House of Representatives September 24
(legislative day September 23), 2008.

Attest: LORRAINE C. MILLER,
Clerk.
